

# Love Hungry Eyes

Helix

You make it good, you make it look so easy  
Girl you got a hold on me  
You're enlisting my emotions  
From which there's no reprieve

You have a look so hypnotizing  
You have a look, oh so hot  
Burning through me like silent fire  
Girl you know just what you've got

(Love hungry eyes)  
I'm telling you  
(Love hungry eyes)  
Oh, that's what you've got  
(Love hungry eyes)  
Gonna get you some lovin' tonight

I don't need no conversation  
I get the message loud and clear  
Innocence can be deceiving  
Nothing seems as it appears

Like a wolf, you feed your hunger  
On the prowl, your blood runs hot  
You come to me with a hungry heart  
I should have known right from the start

You've got  
(Love hungry eyes)  
I'm telling you  
(Love hungry eyes)  
Oh, that's what you've got  
(Love hungry eyes)  
Gonna get you some lovin' tonight  
(Gonna get you some lovin' tonight)  
Gonna get you some lovin' tonight  
(Gonna get you some lovin' tonight)  
Gonna get you some lovin' tonight

Is she hungry for love  
She's gonna take all she can get  
Oh, is she hungry for love  
(You bet) Oh ya, and she ain't done yet

With those love hungry eyes  
(Love hungry eyes)  
I'm telling you  
(Love hungry eyes)  
That's what you've got  
(Love hungry eyes)  
Gonna get you some lovin' tonight

(Love hungry eyes)  
I'm telling you  
(Love hungry eyes)  
Yeah, that's what you've got  
(Love hungry eyes)

Gonna get some lovin' tonight

(Love hungry eyes)

Gonna get ya

(Love hungry eyes)

Oh, that's what you've got

(Love hungry eyes)

You've got love hungry eyes

(Love hungry eyes)

(Love hungry eyes)

I'm telling you

(Love hungry eyes)

Well, that's what you've got
