

Drowning in the Waves

Hell or Highwater

I'll be drowning in the waves
But I will wait for you
You're driving me insane
But I will stay for you
Six feet in a grave
I would lie for you
Forever and a day
I'm yours
I lie awake
While the clock tick tocks away
But gives no relief
Days turn to weeks
You're still gone, I'm alone, and wondering when the end will be
It never comes
Another sun
Will set into the sea
But I need you to know
That I'll be drowning in the waves
But I will wait for you
You're driving me insane
But I will stay for you
Six feet in a grave
I would lie for you
Forever and a day
I'm yours
I'm yours
Today's the day

When the silence breaks
And you're coming back to me
Oh sweet relief
Finally I can stop wondering when the end will be
You gave me love
I came undone
I'm struggling
But I need you to know
That I'll be drowning in the waves
But I will wait for you
You're driving me insane
But I will stay for you
Six feet in a grave
I would lie for you
Forever and a day
I'm yours
I'm yours
I'll be drowning in the waves
But I will wait for you
You're driving me insane
But I will stay for you
Six feet in a grave
I would lie for you
Forever and a day
I'm yours
I'm yours
