

Gimme Love

Hell or Highwater

It's hard living
Loving a music man
I'm not a saint and I make mistakes
But I'm just doing the best I can
These lonely days
Are coming down to the end my dear
Futures on fire
Its burning brighter than ever before
I may forget sometimes
Nothing good comes easy
And I may regret sometimes
That my mind isn't as sharp as it used to be
Baby I swear this love is true
Darling I do this all for you
You there is just something, something I got to say
This hearts beating
Only for you my dear
I can't explain it
Your just an angel trying to love this mortal man
My only care in the whole world is you my girl
This love is on fire
Its burning brighter than ever before
I may forget sometimes
Nothing good comes easy
And I may regret sometimes
That my mind isn't as sharp as it used to be
Baby I swear this love is true
Darling I do this all for you
GIMME LOVE
Gimme good love girl
GIMME LOVE
Gimme good love girl
GIMME LOVE
Gimme good love
Its all I need in life I'm screaming
GIMME LOVE
Gimme good love girl
GIMME LOVE
Gimme good love girl
GIMME LOVE
Gimme good love
Its all I need in life I'm screaming
I may forget sometimes
Nothing good comes easy
And I may regret sometimes
That my mind isn't as sharp as it used to be
Baby I swear this love is true
Darling I do this all for you
Baby I do this all for you
