

A Wizard's Pledge

Hellion

I still remember the day when we met
We were destined to serve to darkness and evil
Through the time we followed the path
Satan took our souls

Black magic spells at midnight moon
Were recited to sign the path
Our names were written in the book of lost souls
We'll be forever bringers of the crafts

We have the power of nature
Don't try to defy our rage
We defend the evil empire
This is a wizard's pledge

Sin and blasphemy are our commandments
Magic is our weapon
If you mess with us you'll be condemned
We'll drink your blood in your skull

We have the power of nature
Don't try to defy our rage
We defend the evil empire
This is a wizard's pledge
