

Legion

Hellshock

Do you wish to extinguish
flames of malcontent
Beware the undying legion
Always haunting you
Kill us all more will arise
A hydra by all definition
Crawling from rebirth

Beware - Legion

Who benefits from your slaughter?
Youd make an enemy of the world
Label them
Insurgent or activist
Whitewash and bleach
Wont erase your agenda
And poison rots
What it touches when spread through our ears

Beware - Legion

Do you think you are righeous?
Holy man on holy quest
When you strike out in hatred
Your venom leaves its mark
Something is rotten in this state

Who am I? I am Legion
I am those you create

Beware
