

World Darkness

Hellshock

Numb to the hope and freedom
Death surrounds us
Sullen apathetic reasons
Depression haunting me now

World darkness
Killing season
World darkness
Losing feeling

Will I have faith to lean on?
I cannot say
I speak for no god
And no god speaks through me

World darkness
Killing season
World darkness
Losing feeling

Deaf to the world around us
Cities or cemeteries?
War and fear consuming
All my eyes can see
