

Drunk in the Afternoon

Helmet

When we finally caught up
A win is a win
So glad you love life
You love the skin you're in
When it get high noon
Might be my year
Grab that bull by the horns
This time I swear

Hey, that's unreal
Now I know exactly how you feel
Hey, that's unreal

Talk a lot, yeah you're talking a lot
You been everywhere, yeah
I got nothing against you
I just don't care
Said I got nothing against you, I
I swear

Hey, that's unreal
Now I know exactly how you feel
Hey, now I bet
There's one name I know I won't forget
I won't forget
I won't forget

Hey, that's unreal
Now I know exactly how to feel
Hey, man I bet
There's one name I know I won't forget
I won't forget
