

Moonlight Bride

Hemina

Know the skin
The supple flesh of X and X
Curves and hips
The ability to make you weep and cry

It's taken time to learn to like this me
Bathing, suds oozing down my slopes
Once was all it took took for me
To become the Moonlight Bride

Lights are dim
I bathe in glow of moon and stars
#curvesfordays
But in some strange way I'm almost satisfied...

If I'm so worthy of your goddamned hate
Why would you waste a second stalking me?
You write me messages and deem me a slut
Those IG likes the only heart I got...

I am the Moonlight Bride!
