

Mr. Self-Denier

Hentai Corporation

And the so-called Holy Fire never sleeps
Dynamics change my pure self-esteem
Why don't you love me as I need? Yeah
Why don't you love me as I need? Yeah

As always I realized my love is surreal
As always I realized my pain is so real, real, real

And the so-called Holy Fire fell asleep
The state of algorithmic misery
Why don't you hate me as I need? Yeah
Why don't you hate me as I need? Need!

As always I realized my love is surreal
As always I realized my pain is so real
As always I realized my pain reforms me
As always I realized I'll pay for reign of endless lies and sorrow

Are you ready...
I'll crucify my dreams but stay with me
I'll testify against my purity
I'll do everything you want but please help me!

Forsake me Holy Fire, I'm a self-denier
Forgive me Holy Fire, I'm a lonely trier
Forsake me Holy Fire, I'm a self-denier
Forsake me Holy Fire, end this nightmare dream

As always I realized my love is surreal
As always I realized my pain is so real
As always I realized my pain reforms me
As always I realized I'll pay for reign of endless lies and sorrow
