Rumble, yeah, with me you'll never be alone
Rumble, yeah, close your eyes little son, little son, little son
You know how it goes

Dying light of reason
Sets my dream ablaze
Oh Lord, I feel her all around here
Controlling the pace she tries to catch me unaware
And then I hear:

My dear, I'm staying in one place
I'm saving all your sacred days
Despite the urges to be slain
I am not insane

Rumble, yeah, with me you'll never be alone
Rumble, yeah, sadistically reborn
Thunder, yeah, tricky time, little boy
Thunder, yeah, hunting your greedy soul

Take my seven demons
Merge them into one
I'm not, not scared anymore
Spirit fades away and new one rising to my aid
Is blue and red

And now you greet the coming end
Misunderstanding my command
Until you meet the God himself
I will lay awake

Rumble, yeah, with me you'll never be alone
Rumble, yeah, sadistically reborn
Thunder, yeah, tricky time, little boy
Thunder, yeah, hunting your greedy soul

You can be cruel but not inhuman
Leave me alone with the pain
Leave me alone with the pain
Leave me alone with the pain
Leave me alone with the pain

Rumble, yeah, with me you'll never be alone
Rumble, yeah, sadistically reborn
Thunder, yeah, tricky time, little boy
Thunder, yeah, hunting your greedy soul, so enjoy, enjoy, enjoy!
