Only you can make other's worlds seem right Only you can make the darkness bright Only you and you alone can thrill me like you do and fill my heart with love for only you Only you can make other changes in me for it's true, you are my destiny When you hold my hand I understand love's magic that you do You're my dreams come true My one and only you alright Benny Only you can make other changes in me for it's true, you are my destiny When you hold my hand I understand love's magic that you do You're my dreams come true My one and only you
