Her Bright Skies

One for the money
I said, two for a dime
Alright, let's go!

I met a man the other day
He said that I should change my ways
So, I turned my face to the clouds
When I looked down again, he was well on his way
Well, it's amazing how different it sounds when your
miles above the ground (yeah)
Said I'd be coming back, but I might stay here for a
while

I wanna live in the sky-y-y
I wanna, I wanna, I wanna hear the Angels cry (yeah)
I'm gonna, I'm gonna look down at the mountains from up
high
I wanna, I'm gonna
Just let me say goodbye
And I will hold their heads, and watch them die

I met a girl the other day
She said that things will be okay (yeah)
So, I reached out to grab her hand
And then I asked her to stay

We are golden now (as we lift from the ground)
We have fallen now (from your lips, from your tongue)
The world cannot find me here
I choose what to see and what to hear

I wanna live in the sky-y-y
I wanna, I wanna, I wanna hear the Angels cry (yeah)
I'm gonna, I'm gonna look down at the mountains from up
high
I wanna, I'm gonna
Just let me say goodbye
And I will hold their heads, and watch them die

The world cannot find us here
We choose what to see and what to hear
We're close, yeah, we're getting there
The world cannot find us here

Whoa-oh-oh Whoa-oh-oh-oh-oh

I wanna, I'm gonna
Just let me say goodbye
And I will hold their heads

I wanna live in the sky-y-y
I wanna, I wanna, I wanna hear the Angels cry
I'm gonna, I'm gonna look down at the mountains from up
high (yeah)
Just let me say goodbye
And I will hold their heads, and watch them die

One for the money
I said, two for a dime
That's right
