

# It Ain't The Gun

Herman Brood

She came home drunk and dirty - she'd been cruising - in the park  
She came home - waisted - she'd been cruising - like a shark  
She came home - loaded - had been cruising - in the dark  
I know by now - she'd been screwing in the back of his car  
I grabbed my pistol - I'm the boss - and somehow - I had to show it  
She blew my mind as she whispered in my ear - it ain't the gun,  
darling  
It's the way you blow it.  
The dustin' crack - come out & fight - the smell of hell - the shootin' kind  
She came home drunk with a truckload of lust-I've seen it all-through my own eyes  
The stink of London - subway-heat - Kenthouse-game - play for keeps  
She's been cruising, I can tell by the smell, I've seen it all-through my own eyes  
I grabbed my pistol - I'm the boss - and somehow - I had to prove it  
She blew my mind as she whispered in my ear - it ain't the gun,  
darling  
It's the way you - blow it.  
(I've seen it all - through my - own eyes (4 X)  
I grabbed my pistol - I'm the boss - and somehow - I had to show it  
She blew my mind as she whispered in my ear - it ain't the gun,  
darling  
It ain't the gun, darling  
I grabbed my pistol - I'm the boss - and somehow - I had to prove it  
She blew my mind as she whispered in my ear -it ain't the gun,  
darling  
It's the way you - blow it.
