

Fear No Evil

Hexx

If you find yourself, lost upon some darkened road
Will you, be afraid of the dark
And when your imagination, is giving you the indication
There's something wrong, in the night... ALRIGHT!!!

Ooh-ooh... yeah, ah-ah-aahhh
Hhhmmm... you're on your own

Well I'm, driving through fog, and I'm running through the night
Towards my place of comfort, but the window holds no light
Suppressing all the anger, there's nothing in my hand
I can feel your arms around me, but where is my promised land

Fear no evil... If you hear the wind cry...
Fear no evil... As the ravens, begin to fly...
Fear no evil... TONIGHT!!! (Yeah)
My destiny awaits me, I am blinded by its mist

Its clouding all the memories, of lonely spirits, I have kissed
Stranger in the night, magic lady, behold the light
Unholy dream, I'm gonna crush you, with a scream

Oh-oh... oh-oh
Oh-oh... oh-oh... oh-oh-oh
Oh-oh... oh-oh
Oh-oh... oh-oh... oh-oh-oh
Oh-oh... oh-oh
Oh-oh... oh-oh... oh-oh-oh
Oh-oh... oh-oh
Oh-oh... oh-oh... oh-oh-oh... oooooohhhh

Fear no evil... If you hear the wind cry...
Fear no evil... As the ravens, begin to fly...
I fear no evil... TONIGHT!!!
