

## Night of Pain

Hexx

(oooh... she's hot!!)  
Last night I was feeling all alone  
Resting my head on the telephone  
Thinking how I could ease my head  
Will things get better, or worse instead ?`

All night... Night of pain  
All night... Blood is rushing through my vein  
All night... Night of pain  
All night... I will never be the same

Last night was hot, you should have been there  
She put her lips to me everywhere  
We were burning, all night long  
The way she loved me, loved me so strong

All night... Night of pain  
All night... Blood is rushing through my vein  
All night... Night of pain  
All night... I will never be the same

When I am down and out oh she is around  
Ooh she touches me and my heart starts to pound  
And all I have to do i stell her my needs  
With a smile, she's happy top lease

Yeah, all night... Night of pain  
All night... Blood is rushing through my vein  
All night... Night of pain  
All night... I will never be the same  
All night... Night of pain  
All night... Blood is rushing through my vein  
All night... Night of pain  
All night... I will never be the same... NO!!!
