

# Swimming the Witch

Hexx

Crusade against science  
Angel eyes, filled with betrayal  
A sacred dance, beneath the full moon  
Confirms the evil, that walks among them  
Release the harlot, from the stockade

Self-righteous fools  
Blinded by fear and bonded by ignorance  
Inflict the accused with their virtuous suffering  
A trial by water determines their fate  
As the black hearted spectators gather around

BRIDGE

There will be fear in their eyes  
While they're Swimming the Witch  
Swimming the Witch  
Swimming the Witch tonight

SOLO

Naked and bound  
Humiliated Servant of Satan  
Shall the water refuse to receive them  
In the cold dark waters, repeated emersions  
Never to see the surface, again

BRIDGE

There will be fear in their eyes  
While they're Swimming the Witch  
Swimming the Witch  
Swimming the Witch tonight  
In the pale moonlight
