

There's no way to know how it's gonna go
When we're seventy
And no fortune can tell the way that I feel
So pour out your prophecy, mmm
Arresting me, how can I say I'll be there
If it's up in the air
How can I let my feelings show
When there's no way to know
But honey I do, honey I do, honey I do
I know I want to spend the rest of my life with you
Honey I do, honey I do
I know I want to spend the rest of my life with you
You can try, try, try, but there's always some surprise
Around the bend (around the bend)
So why, why, why should I spend my life inside
Wondering (where it went)
How can I let these feelings go
When I already know
That honey I do, honey I do, honey I do
I know I want to spend the rest of my life with you
Honey I do, honey I do
Just when I thought I was out of time

Just when I thought love is something that will count me out
Just when I thought I was on my own
You showed me how I see it now
And honey I do, I do
Honey I do, I do
Honey I do, honey I do, honey I do
I know I want to spend the rest of my life with you
Honey I do, honey I do
I know I want to spend the rest of my life with you
Honey I do, honey I do
I know I want to spend the rest of my life with you
Honey I do, honey I do
I know I want to spend the rest of my life with you
You can try, try, try (honey I do) but there's always some surprise
rise
Around the bend (I do)
So why, why, why should I spend my life inside (honey I do)
Wondering
You can try, try, try, but there's always some surprise
Around the bend (you know that's true, honey I do)
So why, why, why (honey I do) should I spend my life inside
Wondering
