

I Can Feel It

Hey Violet

I've got your number
I don't know how long I can wait
(Ohhh oh oh oh, ohhh oh oh ohh oh)
To call you over
So we can waste the night away
(Ohhh oh oh oh, ohhh oh oh ohh oh)
When the lights go out
We're getting up
We go where we go
We do what we want
(Do what we want)
Do what we want
(Do what we want)

We'll be the colour in all this black and white

Are you feeling what I'm feeling
'Cause it's really feeling right
Don't wake me if dreaming
I could stay here all night
I can feel it
I can feel it
I can feel it coming true
I can feel it
I can feel it
When I'm looking at you

Are you feeling what I'm feeling
Cause I'm really feeling fine
Kicking bottles under bleachers
And we're hiding from the light
I can feel it
I can feel it
I can feel it coming true
I can feel it
I can feel it
When I'm looking at you

(Hey)

My head is spinning
I don't know how much I can take
(Ohhh oh oh oh, ohhh oh oh ohh oh)
No fortune teller
I guess we'll leave this up to fate
(Ohhh oh oh oh, ohhh oh oh ohh oh)
When the lights go out
We're getting up
We go where we go
We do what we want
(Do what we want)
Do what we want
(Do what we want)

Say you'll remember singing "forever young"

Are you feeling what I'm feeling

Cause it's really feeling right
Don't wake me if dreaming
I could stay here all night
I can feel it
I can feel it
I can feel it coming true
I can feel it
I can feel it
When I'm looking at you

Are you feeling what I'm feeling
Cause I'm really feeling fine
Kicking bottles under bleachers
And we're hiding from the light
I can feel it
I can feel it
I can feel it coming true
I can feel it
I can feel it
When I'm looking at you

(Oh oh oh ohh oh) [x2]
(Oh oh oh ohhh oh, oh oh oh ohh oh)
I can feel it
(Oh oh oh ohh oh)
I can feel it
(Oh oh oh ohh oh)
I can feel it
(Oh oh oh ohh oh)

Are you feeling what I'm feeling (Oh)
Cause it's really feeling right
Don't wake me if dreaming
I could stay here all night
I can feel it
I can feel it
I can feel it coming true
I can feel it
I can feel it
When I'm looking at you

Are you feeling what I'm feeling
Cause I'm really feeling fine
Kicking bottles under bleachers
And we're hiding from the light
I can feel it
I can feel it
I can feel it coming true
I can feel it
I can feel it
When I'm looking at you
