

My Consequence

Hey Violet

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah

High and we don't need anyone, anyone
Here in the dark
I feel my heart
And we react like chemicals, chemicals
Here in the darkness
I feel my heart race

Oh when we lock eyes
Come with me don't kill the vibe
Look around no one's inside
Hold me down if I get too wild I swear
You and I can disappear
We can run away from here
To the darkest places
It's too late no one can save us now

When you spill your guts they don't go back in
Yeah, yeah, yeah, yeah
If I say too much it's my consequence
Yeah, yeah, yeah, yeah
So take your razor love and run it down my skin
Yeah, yeah, yeah, yeah
If I bleed too much it's my consequence
Yeah, yeah, yeah, yeah

Oh your fingers locked in my hair
Our clothes all over the chair
We're all alone
And I'm dancing in my underwear
You laugh and I blush
And it hurts so much
You melt and I die
The world is ours at least it is tonight

It's chemical, it's chemical

Yeah, yeah, yeah, yeah

When you spill your guts they don't go back in
Yeah, yeah, yeah, yeah
If I say too much it's my consequence
Yeah, yeah, yeah, yeah
So take your razor love and run it down my skin
Yeah, yeah, yeah, yeah
If I bleed too much it's my consequence
Yeah, yeah, yeah, yeah

I know we don't need anyone, anyone
Here in the dark
I feel my heart
And we react like chemicals, chemicals
Here in the darkness
I feel my heart race

When you spill your guts they don't go back in
Yeah, yeah, yeah, yeah
If I say too much it's my consequence

So take your razor love and run it down my skin
Yeah, yeah, yeah, yeah
If I bleed too much it's my consequence
Yeah, yeah, yeah, yeah

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
