## Hey Violet

Guess it's just another day  
And I'm all wound up  
Everything is shiny silver

The sun is high  
And I'm moving  
but you're all hung up  
Why do I even need to say it?

I'm dropping down, always ready  
Now to stir it up  
Playing crazy babe,  
You know it

So get my hand  
Hey I'm running and  
You gotta catch up  
Can't you feel the wind blowing?

High... High... High...

Spin around  
I'm standing so high, high above  
and I'll never be falling  
Spin around  
Look in my eyes  
If you want me then  
You're gonna have to chase me down  
Chase me down

Listen closely as there's something  
That I want to shout.  
Scream out loud, never whisper

The lights are on and we're ready  
But you're watered down  
And I'm a bonfire burning

High... High... High...

Spin around  
I'm standing so high, high above  
And I'll never be falling  
Spin around  
Look in my eyes  
If you want me then you're gonna have to chase me  
Spin around  
I'm standing so high, high above  
And I'll never be falling  
Spin Around  
Look in my eyes  
If you want me then  
You're gonna have to chase me down  
Chase me down

Chase me, chase me, chase me down  
Chase me, chase me Do-o-own...

Yeah!

Spin around  
I'm standing so high, high above  
And I'll never be falling  
Spin around  
Look in my eyes  
If you want me  
Then you're gonna have to chase me  
Spin around  
I'm standing so high, high above  
And I'll never be falling  
Spin around  
Look in my eyes  
If you want me  
Then you're gonna have to chase me down  
Chase me down  
Chase me down  
Chase me do-o-own
