

# I Can't Wait

Hilary Duff

How it happens I don't care if it's rainin' or what I wear  
I know my life is taking me where I'm meant to be  
Doesn't matter where I go with my boy shoes  
And my rock star phone  
I'm waiting for a friend to call or the rain to fall  
Life goes by, who knows why

I can't wait for the world to spin  
And I can't wait to be happenin'  
Ooh, what's it gonna take?  
I can't wait for my time to come  
When I'll be shinin' like the sun  
I can't wait  
(I can't wait)

Bumm, bumm, bumm, bumm  
Bumm, bumm, bumm  
Bumm, bumm, bumm, yeah

Everybody has their day  
When things just seem to go their way  
An angel's gonna smile on me when it's meant to be  
'Cause anything is possible no matter how incredible  
You never know I might meet on this crowded street  
Life goes on like a song

I can't wait for the world to spin  
And I can't wait to be happenin'  
Ooh, what's it gonna take?  
I can't wait for my time to come  
When I'll be shinin' like the sun  
I can't wait  
(I can't wait)

I haven't got forever  
And I haven't got all day  
Oh, and I don't want my world to stay the same  
So where's the magic moment to carry me away

Bumm, bumm, bumm, bumm  
Bumm, bumm, bumm  
Bumm, bumm, bumm, yeah

Life goes by

I can't wait for the world to spin  
And I can't wait to be happenin'  
Ooh, what's it gonna take?  
I can't wait for my time to come  
When I'll be shinin' like the sun  
I can't wait  
(I can't wait)

I can't wait for the world to spin  
And I can't wait to be happenin'  
Ooh, what's it gonna take?  
I can't wait for my time to come

When I'll be shinin' like the sun  
I can't wait  
(I can't wait)

I can't wait
