

# Outside of You

Hilary Duff

I can't get your attention  
And I'm so sick of it  
I've got something to say to you  
So shut up and listen  
I don't want you to look past me  
I want you to know who I am  
I hate it when you ignore me  
You just don't understand  
See the funny thing is  
You're just as useless as me  
I can make you better  
If you would just let me in

[Chorus]

I'm outside of you  
And I can't get through  
Overlooking the beauty that's dying inside me  
Can't you see?  
I'm outside of you  
And I'm so confused  
You keep missing the small things  
The safety that love brings  
Can't you see?

I'm outside of you

For anything to survive  
It needs love and light to grow  
I could be something beautiful  
I guess you'll never know  
See the funny thing is  
You're just as lonely as me  
We could be so much better  
If you would just let me in

[Repeat Chorus]

And as you walk by me  
I'm silently screaming to set me free  
I look in the mirror  
And I see your future  
You look good with me  
And as you walk by me  
I'm silently screaming to set me free  
I look in the mirror  
And I see your future  
You look good with me  
Oh!

[Repeat Chorus]

I'm outside of you  
I'm outside of you
