

Workin' It Out

Hilary Duff

Some days I start off draggin' my feet
Some days I want to fly
Some days it all makes sense to me
Some days I just don't want to know why

[CHORUS:]

Hey, hey- I'm not giving up, no
Gonna stand up and shout it
Oh oh oh no way im not slackin off or backing out or cracking u
p with doubt
I'm workin' it out out
I'm workin' it out

Sometimes I'm just surrounded by friends
Sometimes we've never met
Sometimes I pray for something I need
But hey, you never know what you're gonna get
and

[CHORUS]

[Spoken:]

It's hard enough to be what you are
Harder to be what you're not
It's hard to know what you need to get
Harder to know what you've got

[CHORUS 2x]
