

# How Deep Is The Love

Hillsong Young & Free

The deepest of seas and furthest horizons  
Can't even begin to speak of Your kindness  
While I ran so far in rebellion  
Still You gave Your life without question

Before I even said I'm sorry  
You made a way for me

How deep is the love  
How high is the One who  
Forgives and forgets all our sin  
How great is Your grace  
I'll never forget all You've done  
Oh how deep is Your love

The darkest of days slip right out of focus  
No valley out dives Your depths of devotion  
You lay me down in green pastures  
So I'll rest beside Your still waters

I've never known a grace so thoughtful  
You always make a way

How deep is the love  
How high is the One who  
Forgives and forgets all our sin  
How great is Your grace  
I'll never forget all You've done  
Oh how deep is Your love

How deep is the love  
How high is the One who  
Forgives and forgets all our sin  
How great is Your grace  
I'll never forget all You've done  
Oh how deep is Your love
