

In Sync

Hillsong Young & Free

My life's filled with Your melody
And I'll cry of a life redeemed
My heart's tuned to Your mystery
In sync with You, in sync with You

My heart beats to Your rhythm now
My life song an eternal sound
For all You've done Lord I sing it loud
Forevermore, forevermore

In Your freedom here I stand
Letting go of all I am
Jesus take control

Caught up in the middle of Your embrace
All I have surrendered Lord to Your Name
Jesus I'm forever singing Your praise

The skies echo Your love for us
Your heart awakes from the empty cross
The earth shakes as Your truth resounds
That You're alive, You're with us now

In Your freedom here I stand
Letting go of all I am
Jesus take control

Caught up in the middle of Your embrace
All I have surrendered Lord to Your Name
Jesus I'm forever singing Your praise

Let our hearts keep beating
To the sound of Heaven's song
No we won't stand silent
We will sing like never before

Caught up in the middle of Your embrace
All I have surrendered Lord to Your Name
Jesus I'm forever singing Your praise
