

My Mind

Hockey

Protect my mind and help my mind
Be my mind and take my mind
Kiss kiss her
Baby be be her
Yeah baby how can you make me see
Be what I want what I want to be
Be what I want it's alchemy
Yeah ride this life see
Got a lot of bang in this gun
Ride it out like anyone

Be my mind and take my mind
Find my mind and wild my mind
Kiss kiss her
Baby be be her
Yeah love love her
And be be her
Oh babe baby
Gonna make me see
Be what I want
What I want to be

Got a lot that we could be
Strange girl out on the street
Soul faces icons meet
Yeah ride this life see

Write my mind and buzz my mind
Dress my mind and work my mind
Trend my mind and neo my mind
Kiss kiss her
Baby be be her
Yeah love love her
And be be her
Oh babe baby
Gonna make me see
Be what I want
What I want to be
Oh my mind
Oh my mind
Oh my mind
Oh my my mind
