

All I Need

Hoku

Two o'clock am, got the lights on
Tryin to shut an eye or two
But I'm stuck on you
Can't get you out of my head, boy

Shut my eyes again but it's useless
Get up, get dressed, I'm a mess
Just got to move
Can't get you out of my head, boy

You drive me up the wall
But you make me crawl
Back home when I come down
You make me so sick sometimes
But you're the only cure to ease this troubled mind
You take me up so high that I cannot find
My way back to the ground
Without your lead

I don't want you
But you're all I need

Wrapped up in my coat and I'm walkin
Wound so tight, I choke on the pain
I love
Can't get you out of my head, boy

Turning up your street
Can you see me?
Fast asleep just like I knew you'd be
Can't get you out of my head boy

You know I'd rip my hair all out my scalp
But I know it drives you wild
I'd kiss my lips away
But they're the only things

I know can make you stay
I wanna be in control
But when you let go
I hang on with both hands tight
Until I bleed

I don't want you
But you're all I need

You're the needle in my vein
That keeps me going through the day
You're the way out of the desert
When I'm sure I've lost my way
You're the answer to my hate, my trust
My love, my lust, my gluttony and greed

I don't want you
But you're all I need

(I don't want you now

But you're all I need
No, I don't want you now
But you're all I need')

You get me wrapped up in your lovin
Til I don't care if I drown
You get me lost inside that something
Til I don't care if I'm found
You get me so caught up
That without your touch
I'm dying without you
To help me breathe

I don't want you
But you're all I need

(Heyyyyy-yeah)
All I need
(Heyyyyy-yeah)
All I need
