

We Will Follow The Sun

Hoku

Baby hear me
When I tell you that I love you
You give me reasons
To be always thinking of you
Day or night, night or day
It doesn't matter
You give me hope
You got me dreaming of forever

[Chorus:]
We will follow the sun together
Will this love of ours last forever
Who knows
But until that day comes
We will follow the sun

Baby hear me
When I tell you that I need you
And I'm not saying this
Only just to please you
You and me together baby
That's where it's at
It's the way that I feel
It's as simple as that

[Chorus]

Faith is just a sunrise away
I love you more my baby
With every new day
He loves me -- he loves me yeah
