

# Courtney Love

## Hollywood Ending

Waking up was rough  
Coffee burnt my tongue  
Shower's cold as fuck  
Morning DJs suck

Guess it's just my luck

But hey  
My life is OK  
How can I complain?  
I'm killing the game and I kick it all day  
Eat sushi all night  
I've got it all made  
The kids are alright  
And my life goes on and on and on and on and on and on  
And that's alright  
On and on and on and on and on and on and on  
And that's alright

Finally fell in love  
But now we're breaking up  
Thought she was the one  
Turns out she's a slut

Guess it's just my luck

But hey  
My life is OK  
How can I complain?  
I'm killing the game and I kick it all day  
Eat sushi all night  
I've got it all made  
The kids are alright  
And my life goes on and on and on and on and on and on  
And that's alright  
On and on and on and on and on and on and on  
And that's alright

We were so messed up
