

I have seen him die  
Death I crucify  
Revenge is fast - I know...  
Pain is always slow  
Flying high above  
God I shall not love  
We look, we see way down  
We fall to the devil shown  
Falling...hold on...  
Descending way down

Walking side by side  
We know we cannot hide  
Lies of long ago...  
My power is no more  
I had prince's fire  
Believe me, I tell no lie  
I sense my death has come  
Like a witch I will burn  
Falling...hold on...  
Descending way down
