

Saturday Morning

Home Town Hero

Mirror on the wall, who will cause my fall?
my eyes are swollen wide, but hey
take me by surprise
color my insides
with all the little things you hate
with all the little things you hate

[chorus:]
better kill me, tonight
before you see me cry
better kill me, tonight
before you run another lifetime
better kill me, tonight
before you see me cry
better kill me, tonight
before you lie

i can fill you in, i can fill you up
but i still haven't seen you laugh
when all i want is you, all i hate is you
but i still havent made you dance too, oh

[chorus]
better kill me, tonight
before you see me cry
better kill me, tonight... oh
better kill me, oh
mother fucker, oh... yeah
