

## Fresh Air

Homeshake

Roll this, slip my shoes on and step outside  
Roll my hands up into my sleeves  
Reaching back and closing the door behind  
Lift it up and pull it with ease  
Trying to take a moment outside my screen  
Trying to keep down out of the cloud  
I can hear the traffic blow on the breeze  
I can't figure anything out  
([?])

I'm I don't even try to move along  
Trying to pull together to keep this love  
Trying to stack a couple more pills  
I can hear the water pouring in my cup  
I can do whatever I feel  
(Whatever)
