

## Wrapping Up

Homeshake

Kind of feeling that I can't ignore  
Do my best to try to smoke it off  
That's for sure  
happen anymore  
Only do it when I'm feeling warm

And I don't know if this is coming back  
So I roll up, sip it, and I feel alright  
I ain't looking for some company  
hurting me  
Please don't take it personally

Wrapping up my leaves  
I'm a little out of ease  
And I'll have to smoke tomorrow we will see

Walking, feeling so above it all  
I'm so high you got a problem, ma?  
Cool it off  
Take my medicine, I'm coming down  
Could I be an extra channel now?

And I know everyone is coming back  
So I roll up, sip it, and I feel alright  
People make me feel uncomfortably  
And it's only hurting me  
Living it so easily

Wrapping up my leaves  
I'm a little out of ease  
And I better take another day  
Wrapping up my leaves  
I'm a little out of ease  
And I'll have to smoke tomorrow we'll see
