With some golden bitches we too high  
Though we hold them riches we do ride  
No lie don't choose sides we bitches with blue eyes  
Broke her whole nose in the eighth grade  
All my homies still say I'm still the same way  
True players understand that my game's straight  
Only give a fuck about keys and tryna gain fame  
Ay bitch I go hard for the T dot  
Why these hoes lookin' at me like they see Pac  
Can't be trustin' no niggas I gotta keep watch  
Don't be fussin' no nigga [?]  
I don't like those funny niggas foolish  
And pussy niggas talkin' when how many niggas do this  
Let me [?]

[Hook]

Raised on the block so I stayed down  
But I never move hot never make sounds  
Gotta watch for the cops and the snakes round  
Ain't no time to be waitin' 'till my [?]  
If time is cash then homie I'm doin' life  
You bitches rappin' homie then do it right

He love the fashion on me and all the lights  
Fuck that nigga get my shit and the dip

Do a hundred on snip with the chip in the whip  
Anything you heard about me bet the shit is a myth, rich  
Young bitch with a goal
