You look like a motherfucking uhhh  
Used to be his motherfucking bra?  
I should slap you with the strap, no bra  
Leave you eating through a motherfucking straw  
Got it in my dm's like a fucking skateboard  
With your itty bitty tiny claws  
Breaking codes nigga you should break laws  
That will happen while you being fake â€˜cause  
Fuck them, that's why I never ever trust them  
A buster, you cop shitty use a rubber  
I told him while I jock with the snakes  
See a mamba, mama's worries bout me, fuck drama  
I've been a shillier, fucking up some commas  
Life is a beach and these niggas is piranha  
You don't get pussy virgin like Madonna  
Thirsty niggas swear your was born in Uganda

[Hook]

Follow leaders think they gave up  
Honey Cocaine made them drop up  
Stop fast, walked on them like a rug  
Hot road listening to drake's cup  
Tryina get my home girl, but she don't like you  
Snapshot what you wanna grab and what you might do  
Cold hearted, bang stillers like ice cubes  
My team goons motherfucker, we don't like goes  
Moral of the story don't try me  
Real hoes and bros, the only thing around me  
This nigga shocked, he prolly wanna drown me  
Missing motherfucker washed out with no downy

But what would you do if he tried you and your friend
