

Bring It On!

HorrorPops

It's getting close to me
A touch of something obscene
I can feel it reaching for me
Can't get away-get away-get away

Bring it on!
Can't move, I can not feel
Bring it on
Can't move, I can not see
Bring it on
I can't move I have no will
Bring it on
Can't move, can't move-can't move

It's here surrounding me
Something is putting
It's weight on me
It's calling for me
Can't turn around-
Turn around- turn around
