

I don't always tread,
Don't always tread careful,
Yeah most of the time I'm quite annoying,
I don't watch my mouth,
Don't find a out in a fight,
I can't scream and shout and be a loud mouth,

And I'm, I'm from the wrong side of town,

For what I believe, what I believe is right,
Even stupid things like keeping my hair dyed,

And I'm, I'm from the wrong side of town,
Now frown,
Onto of that I'm female.

Nothing nothing I say is adequate,
According to you I'm a Missfit,
What made you my judging juror?
So I, I don't care for the common trend,
Why is that something I have to defend?
Who made you my judging juror?

My fist in the middle of your face,
My fist in the middle of your...

Nothing nothing I say is adequate,
According to you I'm a Missfit,
What made you my judging juror?
So I, I don't care for the common trend,
Why is that something I have to defend?
I still stand tall
