Walk with me my monster- but close those crusty eyes
The sounds i make may be abrasive- but you'll be all right
Turn off all your senses and pretend you're home
Walk with me and you walk alone
YEAH!!!

AT THE SIGHT OF HIS SCALES
YOU START TO SHAKE
YOU CAN NEVER TRUST A SNAKE
AT THE SIGHT OF HIS SCALES
YOU START TO SCREAM
YOU can't TRUST A FANGED THING

Grain by grain - so hot ive lost it Echoes peck and gnaw at me Creep, i crawl - shake im breaking Creep and crawl -- they're chasing me SERPENTS!!!!!

And i feel, so cold
Like the world just might explode
And if i open my mouth it will fill full of SAND
And i feel, so cold
Like the world just might explode
And if i open my mouth it will fill full of SAND

AT THE SIGHT OF HIS SCALES
YOU START TO SHAKE
YOU CAN NEVER TRUST A SNAKE
AT THE SIGHT OF HIS SCALES
YOU START TO SCREAM
YOU can't TRUST A FANGED THING

Its safe to say ive finally lost it The wells gone dry and abandoned me Creep, i crawl, begging droplets Of anything to comfort me Thirsty

Laying in a hot desert
Bitten by a poisonous snake
Soft venom floods my veins
I have lost my heartbeat
My poor pulse is quivering
And ive lost control
Descending to my ending
A perilous black hole

The rivers run dry and so has my veins Im a filthy animal begging for change Nothing i do is going as planned NOTHINGS LEFT OF ME BUT FUCKING SAND NOTHINGS LEFT OF ME BUT FUCKING SAND

The sun explodes, so slow
I feel the flames and i see the snow
All that's left of my mind is sea of sand

The sun explodes, so slow
I feel the flames and i see the snow
All that's left of my mind is sea of sand

And everybodys celebrating!

Ive lost my way
Desperate for change
Pursued by snakes
Bearing my name

Ive lost my way
My skins dry and baked
Fearing I'll fade
Im the snake

I walk with my monster- he beats me down
Bestial and savage thoughts- his arms are long
Cant get up, can't get up- nothings as planned
Nothings left of me but FUCKING SAND!
