

Always Been Your Love

Hot Chip

I have always been your love
I have always been your love

You know I've been thinking

When I think of all the places we have been
I don't know if I have been another thing
In our heads there's always been a dream of all we've longed to
belong to
I don't know if I will be the same again
The same again

I have always been your love
Hand me down an open love
That is I have always been your love
Let us write ourselves in right now

I don't know if I can look away again
I don't know which way my case will fix to mend
In our heads there's always been a dream of all we've grown to
belong to
I don't know why you don't know my name and I have to remind yo
u
I have to remind you

I have always been your love
Hand me down an open love
That is I have always been your love
Let us write ourselves in right now

I have always been your love
I have always been your love

You know what I'm talking about
Well you wanna know something
I've always been around
You I've always had your back
So Cause I've always been around

I have always been your love
Hand me down in broken love
That is I have always been your love
Let us write ourselves in right now

I have always been your love
I have always been your love
