

Wedding Day

Hotel Lights

Sitting by the window
watching the rain go
down
down

it doesn't really mean much
watching the rain rush
down
down

i'm sitting here with my coffee cup
you're waking up
on your wedding day

in the grey hazy morning
got up from yawning
under the window light
it doesn't really mean much
watching the rain rush
down
down

i'm sitting here with my coffee cup
you're waking up
on your wedding day
