## **Wedding Day**

## **Hotel Lights**

Sitting by the window watching the rain go down down

it doesn't really mean much
watching the rain rush
down
down

i'm sitting here with my coffee cup
you're waking up
on your wedding day

in the grey hazy morning
got up from yawning
under the window light
it doesn't really mean much
watching the rain rush
down
down

i'm sitting here with my coffee cup
you're waking up
on your wedding day
