

Better off Broken

House of Lords

Here she comes, there she goes
She don't know what she does to me
I can't stop, takes all I got
I know she's not the girl for me

Why did I stay wasting away
I couldn't face me inside
I finally woke up, finally spoke up
Happy to hear that goodbye

I'll be better off broken
Pick up the pieces and just keep going
I'll be better off broken
Till I'm ready to find love again I'm
Better off broken
Better off broken

Thought I done good, like I swore I would
But never could get the game you play
Sacrificed those lonely nights
With all my might yeah I tried to stay

I'm just a man, can't understand
What made me think I need her
Now that I'm free, I'm glad to be
Where I can just breathe deeper

I'll be better off broken
Pick up the pieces and just keep going
I'll be better off broken
Till I'm ready to find love again I'm
Better off broken
Better off broken

Why did I stay wasting away
I couldn't face me inside
I finally woke up, finally spoke up
Happy to hear that goodbye

I'll be better off broken
Pick up the pieces and just keep going
I'll be better off broken
Till I'm ready to find love again I'm
Better off
I'm better off, baby
Better off

I'll be better off broken
Till I'm ready to find love again I'm
Better off broken
Better off broken
Oh baby
Better off broken
You better believe me
Better off broken
