

Even Love Can't Save Us

House of Lords

Even love can't save us
Love can't persuade us
Love can't save us
If love keeps breaking down
Oh, oh, oh, oh
Love can't save us

You talk about loneliness'
But you're not alone
I'm feelin' the emptiness
Turn a heart to stone

Girl, you're a million miles away
And you're right here with me
I wanna pretend but it's insane
If you don't miss me

Even love can't save us
Love can't persuade us
Love can't save us
If love keeps breaking down
If love keeps breaking down

We talked about hopelessness'
But we're out of hope
I'm feelin' the helplessness
In a house not a home

Girl, if there's somethin' on your mind
Well, I'm right here with you
We tried to fix what wasn't broke
But it got twisted

Even love can't save us
Love can't persuade us
Love can't save us
If love keeps breaking down
Oh, oh, oh, oh
Love can't save us

I don't know
How we ever let this slip away
I don't know
When everything turned over and over
I believed we'd always be together
Now it's time we gotta turn away

Even love can't save us
Love can't persuade us
Love can't save us
If love keeps breaking down

Love can't save us
Love can't persuade us
Love can't save us
If love keeps breaking down
Oh, oh, oh, oh

Love can't save us

Oh, oh, oh, oh
