

Raw

House of Lords

She looks so sophisticated
Classy, cultured, understated,
But I know you, but I know you see

Her perversity
That's underneath

The day you're ready to confront it
Be a man and say you want it

She'll do you raw!
She'll do you raw to th extreme!
She'll do you raw until you scream!
Do you war, Do you raw, Do you raw
And then,
She'll do you raw again

You picture her, imagine toucing
Look at you, already blushing
'Cause she amkes it, 'cause she makes it tough,
Even thinking of
Playing Rough!

She's gonna hurt you like she hurt me
To the Bone, She's down and dirty

She's going to use you and abuse you
You're going to love the waay she'll bruise you

The night you lower your defenses
You'll discover what intense is...
You let her have your inhibitions
She'll give you what the hell you're missing
