

## Rock Bottom

## House of Lords

You won't know I'm there  
You won't hear me breathing  
Just like a ghost  
I live on your ceiling  
Two worlds away  
You won't see me leaving  
Slide down and out your door

Just like it never was, you're like a dream  
And now I'm free ya now  
I'm free to know just where I am  
And climb back off the floor

I hit it hard  
Rock bottom  
I came apart  
Rock bottom

Forget my face  
Your latest obsession  
Forget my name  
I'll leave no impression  
Forget the one  
You could not believe in  
Truth hurts for your own good

I gave it up my soul to you  
I had to have that rendezvous  
I should have know I'd had enough  
Kept coming back for more

I hit it hard  
Rock bottom  
I came apart  
Rock bottom

You became the dark light  
I'm running from

You won't know I'm there  
You won't hear me breathing  
Just like a ghost  
I live on your ceiling  
Two worlds away  
You won't see me leaving  
Slide down and out your door

Just like it never was, you're like a dream  
And now I'm free ya now  
I'm free to know just where I am  
And climb back off the floor

I hit it hard, oh  
Rock bottom  
I'm letting you go, oh no  
Rock bottom

Oh, yeah, yeah  
(I hit it hard, rock bottom)  
(I came apart, rock bottom)
