

Run

House of Lords

They don't need no knife
To cut like a blade
They don't need no weapons, brother
It's the worlds they say

And you don't have to bleed
To feel the pain
When they bring you down
With their small-minded ways

But you feel the evolution
Down in your soul
Now it's a revolution
Your story will be told

Run for your life
Run for your life
Run to your future
Better never think twice

It's a better world
In a better place
With a bigger dream
When the nightmares fade

And there is no doubt
And there's no disgrace
There is only you
In the world's embrace

And you feel the evolution
Down in your soul
Now it's a revolution
Your story will be told

Run for your life
Run for your life
Run to your future
Better never think twice

You've gotta run, run at last
Run, run so fast
You've gotta run to the future
Oh but, never you made

But you feel the evolution
Down in your soul
Now it's a revolution
Your story will be told

You've gotta run for your life
Run for your life
Run to your future
Better never think twice

You've gotta run brother light
Run, run so fast

You've gotta run to your future
Oh but, never you made

Oh, they don't need no knife, brother
To cut like a blade
Run to your future
Never you made
