

Sahara

House of Lords

Hey! You!

Tell me something
I don't know
If it feels good
Don't let it go

Late last night
With a spark in her eye
She said two's a crowd
But three's alright, yeah

Some things never change
Good thing, good thing

(Sahara)
I don't know why
You're like Sahara snow
(Sahara)
I don't know why
You're running hard and cold
I don't know why
No, no, no, no, no, no, no!

She's loving me blind
Lipstick like wine
I'm gonna stay awhile
Maybe all night, all night

Just a bad girl
Telling me what's on her mind
A bad girl
Just the kind that luck could find, yeah

Some things never change
Good thing, good thing

(Sahara)
I don't know why
You're like Sahara snow, oh
(Sahara)
I don't know why
You're running hard and cold

Oh!
Some things never last forever
Some things never change

(Sahara)
I don't know why
You're like Sahara snow, oh
(Sahara)
I don't know why
You're running hard and cold

(Sahara)
I don't know why

I don't know why
(Sahara)
Yeah, yeah, Sahara!
