

How Long?

How to Destroy Angels

How long?
Always been here
It almost seems like yesterday
Hard to picture
It's the little things that slip away
Build away the blisters
But they'll find a way to take a little bit
They won't find us
If you believe in it

How long?
How long?
Can we keep holding on?
How long
How long
Can we keep holding on?

A house on fire,
Burning all the past away.
And what defines us
When
It's the little things that slip away.
and if you're honest,
What do you think would happen to us?
We stood for something
If you believe in it
If you believe in it

How long
(Burn this all away)
How long
(Burn this all away)
Can we keep holding on?

How long
(We keep holding on and on)
How long
(Can we keep, can we keep)
Can we keep holding on?
How long?
