

# Welcome Oblivion

## How to Destroy Angels

I don't know if you can hear me over this  
I don't know if you can hear the sound  
I don't know if you're aware of what's happening  
I don't know if you should stick around

It's so perfect with a perfect kiss from your lips  
It's so perfect with a loving embrace  
You can't f\*ck with the way of nature  
Everything is falling into place

You know what you have done  
Welcome oblivion  
And this has just begun  
Welcome oblivion

All the flashing lights take over  
All the pretty little dots make tracks  
Leading you to your place of deliverance  
And never look at what's behind the fear

You know what you have done  
Welcome oblivion  
And this has just begun  
Welcome oblivion

And I am not afraid  
And I am not afraid  
And I am not afraid  
And I am not afraid
