

The Chore Of Enchantment

Howe Gelb

Got to go now
there is still so much left behind
not ready to go
but already out of time
that's the chore here
the chore of enchantment
one of these days
I'm going to get me a plan
I'm going to stick around
To see how it gets all out of hand

you're ok, as long as you can get
you can last
whatever gets in your way
even that they say must past
